Bleeding Out In A Forest

English

Same Old Energy

[Verse 1]

Mass hysteria
And false accusation
Our strange domination
Got no explanation

As fear plagues the nation
Your whole congregation
Say 'they should be caged in
These women of Satan'

Yes there's masturbation
Some ego inflation
But really it's shadows
Just congregating

So act on temptation
And live by sensation
This is the reason
You came to creation

[Pre Chorus]

Rise up oh flame
Come join the game
They started a frenzy
But we'll take the blame
A bare chested dame
Who goes by no name
Their arsenal's empty
All they got is shame

[Chorus]

Same old energy baby
History repeats
Same old energy baby
They'll march you through the streets

Same old energy baby
They fear what they don't know
Same old energy baby
You've burned this way before

[Verse 2]

It's your own damn fault boy
You handed us the broom
400 hundred years ago
Sayin' "you know what to do"

Yes sir we do
Beep beep coming through
Close ya damn mouth my man
I told you we flew
She seethes, waits
Legs bent to pounce
Schemes, laughs, rolls up an ounce

We were just trying to heal
Just tryna survive
A women with magic is fine with him if
That magic is between her thighs

[Pre Chorus]

Rise up oh flame
Come join the game
They started a frenzy
But we'll take the blame

A bare chested dame
Who goes by no name
Their arsenal's empty
All they got is shame

[Chorus]

Same old energy baby
History repeats
Same old energy baby
They'll march you through the streets
Same old energy baby
They fear what they don't know
Same old energy baby
You've burned this way before

[Verse 3]

How dare a girl defy the man
Disturbing all the peace?
They'll cuss you in the light
But cry your name
Between their sheets

A healing touch
A naked breast
Sage and skin of snake
No matter what the good you did
You'll wind up at the stake

She's a highway wreck but
You can't look away
Might haunt you for days
And yet your eyes stay

On her sweet flesh right
Where shoulder meets wing
On the burnt grass everywhere she has been

[Pre-Chorus]

Rise up oh flame
Come join the game
They started a frenzy
But we'll take the blame

A bare chested dame
Who goes by no name
Their arsenal's empty
All they got is shame

I neir arsenal's empty
All they got is shame
